Do you have any special concerns about participating in this class? \_\_\_\_\_

How did you find out about this class? \_\_\_\_\_

I \_\_\_\_\_ (print name) understand that yoga includes physical movements as well as an opportunity for relaxation, stress re-education and relief of muscular tension. As is the case with any physical activity, the risk of injury, even serious or disabling, is always present and cannot be entirely eliminated. If I experience any pain or discomfort, I will listen to my body, adjust the posture and ask for support from the teacher. I will continue to breathe smoothly.

Yoga is not a substitute for medical attention, examination, diagnosis or treatment. Yoga is not recommended and is not safe under certain medical conditions. I affirm that I alone am responsible to decide whether to practice yoga. I affirm that my platelet count is at least 20,000 and all surgical incisions on my body have healed. I hereby agree to irrevocably release and waive any claims that I have now or hereafter may have against Falcon Yoga, its Instructors and staff and the facility where class is held.
